Hi Molly and Patrick,

The analysis document and master filter spreadsheets have both been updated in the G directory

in preparation for tomorrow's meeting. Let me know if you have any questions.

Thank you,

Justin

Additionally, if you want to look at the compiled wind, metals, and PM10 data from the FRM, the spreadsheet "Master\_DailyFilter\_Data\_Mar-June2017" in the G:\Air Enforcement And Compliance Branch\SHB Illinois\Analysis\Excel Workbooks directory has all of the data.

Hi Molly and Patrick,

I've dropped a word doc with all of the plots I've made thus far for the Mar-June data in G:\Air Enforcement And Compliance Branch\SHB Illinois\Analysis. There's still a few more plots I need to get in there before our meeting next week, but we can discuss additional data needs next week that need to be completed before the NOV meeting (Molly – I did not put the monthly pollution roses in yet). I am here until 11 am today if you have any questions.

Thanks,

Justin Coughlin
